- The City would like to encourage any resident that has shelter or basement to contact City Hall or the Fire Department to have it on record, in case of bad weather. This information can be helpful to first responders in case of an emergency. The city has a public storm shelter located in the community center. Signs are posted on the outside of the entrance. When you hear the City sirens sound continuously for one minute, a tornado has been spotted, and you should seek shelter immediately. When there is one short siren, for a few seconds, all is clear, and it is safe to come out of shelter. The Memphis Volunteer Fire Department will be conducting siren test every 2<sup>nd</sup> and 4<sup>th</sup> Monday of the month. As a reminder, the Fire Department still has free smoke detectors. Contact Nick Narvaez at 806-259-2323.
